## ***Reviews***

*A fresh e book with an all new viewpoint. It is really simplistic but unexpected situations in the 50 % from the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Life is out there for anyone who seeks it and here is a great example. Colin and his crewmates seize this opportunity to sail the Gambo across the northern Atlantic despite fear and common sense warning against it, embodying a real spirit of adventure. - Mike Robinson, chief executive for the Royal Scottish Geographical Society Every year, millions of people come to Scotland by land, sea and air, to bask in a country that boasts spectacular scenery, a rich history and culture and the warmest of welcomes. The journey to Scotland is very much part of the overall visitor experience and I think it s safe to say that Colin Souness and his friends undertook a more adventurous and thrilling journey than most to return to the land of his birth. The timing of Atlantic Gigantic is very apt following our hugely successful Year of Homecoming - a year-long celebration of the very best of Scottish culture - and I would like to congratulate Colin and company on their successful voyage! - Mike Cantlay, chairman of VisitScotland -- For anyone who thinks that science is a boring game of white coats and dry numbers, here is a book which might make you think again. ATLANTIC GIGANTIC tells the story of how three young scientists-glaciologists Sam Doyle and Colin Souness, and marine biologist Matt Burdekin-wound up in Greenland as part of a cutting-edge climate research project and found themselves sailing home across the North Atlantic Ocean. Brought together and offered the chance by a top UK climate scientist, these three, despite being little more than novice sailors, found themselves volunteering to sail an expeditionary...
