Do you have a mysterious illness that s been plaguing you for weeks, months, or even years? Do you feel tired, run down, congested? Are you experiencing the infamous brain fog? The truth is that these symptoms could be caused by any number of conditions, but a common cause that most don t know about is mold. Ubiquitous in temperate climates (i.e. most of North America!), mold can grow in walls, carpets, books, and even clothing. You may not know it s there. If you tend to feel better when you leave your house, mold could be the hidden source of your mystery ills. So You ve Got Mold.Now What? Mold is everywhere, and it s a serious health concern. But how do you protect yourself? How do you recover if you re already experiencing the damaging effects of mold and what causes it anyway? Do you douse your belongings in bleach? Do you sell everything you own? Burn the house down? Luckily, these extreme solutions are not necessary. There s a...
