Reviews

*A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

HOW BOATS WORK

Createspace, United States, 2014. Paperback. Book Condition: New. Penny Talbot (illustrator). Large Print. 211 x 211 mm. Language: English . Brand New Book ***** Print on Demand *****.How Boats Work, is told in rhyme; it not only educates, but also entertains anyone reading it, from the very young to the young-at-heart. Arnold, the anchor, introduces the different parts that make a boat work- from the engine, to the electronics in the pilot house, to the rudder and propeller beneath the boat. He gives each a catchy name as he explains the jobs, and how important they all are in working together to move the boat over the water. Penny Talbot provided the rich colorful illustrations to accompany Arnold s tale. Her many years of cruising, her love of the sea and sea life, and her artistic talent combined to weave a magical look and feel to the story as it unfolded.
