Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Accelerated learning is an advanced learning approach that is used in many organizations today including learning institutions and corporate entities. It is research based and includes a variety of media and techniques. As opposed to the traditional laidback learning approaches where the student assumes a passive role and the trainer actively pushes knowledge his way, accelerated learning is more flexible and open ensuring that every learner is totally involved. It brings in energy and re-humanizes the learning process making it more enjoyable and productive. Accelerated learning methods vary greatly with respect to the structure of the organization, the subject matter in question and the learners. In the words of Jacques Barzun, teaching is not application of a system but rather an exercise in perpetual discretion. The main aim of a learning process is not the method used but rather the results that it gives. Accelerated learning scores highly in this regard. Hundreds of organizations all over the world have embraced accelerated learning and the number of those that are joining in is rising by day. This is because...
