Extreme Turbulence: India at the Crossroads

By Upendra Kachru

HarperCollins Publishers, New Delhi, India, 2007. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. It took mankind 50,000 years to reach its first significant technological milestone: a six-inch blade that touched off a series of rapid changes in the life of the Stone Age people. Today, the milestones come at dizzying pace, and every decade or so produces a breakthrough that transforms our lives from the food we eat to how we communicate with others. Transformed too are the ways in which countries jostle for advantage in the global marketplace. And those who cannot compete, whether it be individuals or businesses or nations, fall by the wayside. Extreme Turbulence: India at the Crossroads provides an overview of where the world is at this inflection point in history, in respect of trade, technology, energy, resources, population and the environment, among other things. More important, it looks at how India is placed in these areas, and how it can benefit from the transformed global scenario in the coming years, if it is to move up to a place in the super league. There is already a belief, in middle-class India, that the country is on its way to becoming an...

Complete guideline! Its this type of great read through. it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.

-- **Joshua Gerhold PhD**

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
