

Periodic Table: Rea Quick Access Reference Chart

The image shows a standard periodic table with a color-coded layout. The title 'PERIODIC TABLE' is prominently displayed at the top. Below the title, there are logos for 'FAST FACTS SERIES' and 'Quick Access'. The table itself is organized into groups, with colors used to distinguish them: blue for alkali metals, green for alkaline earth metals, orange for transition metals, yellow for halogens, and purple for noble gases. Each element cell contains its atomic number, symbol, and name. A legend on the left side of the table provides a key for the color coding.
